	2 to 3 ft.	225.00

Vines and Climbing Shrubs

Ampelopsis quinquefolia. (Common Woodbine, or Virginia Creeper.) A native vine, most vigorous in growth. Intense Crimson leaves in Autumn. 3 yrs.....	.50	4.50
var. Engelmanni. A variety of the above, with stronger tendril discs, that cling like Ivy to any surface, 3 yrs.	.50	4.50
Veltchil (The Japan or Boston Ivy)		
2 yrs. old.....	.75	
Blignonia. (See Tecoma).		
Celastrus paniculatus. (Bittersweet) Assumes a shrub-like form, unless given an opportunity to climb. Crimson fruit.		
3 yrs.50	4.50
Celastrus scandens (Roxbury Waxwork) ..	.50	4.50
Clematis paniculata. A rapid and vigorous climber. The flowers, borne in long panicles, are white, and their fragrance is perceptible a long distance from the plant.		
2 yrs.50	4.50
Humulus lupulus (Hop Vine), Strong grower. Hops appear in July and August. Good for covering fences around poultry yards, as chickens will not pick leaves.		
2 yrs.50	4.50
var. aurea (Golden-leaved Hop vine). A recent introduction of much value. In growth it resembles the common Hop Vine, being equally as vigorous, but its foliage is of the brightest golden color. Very hardy.		
2 yrs.75	6.75
Lonicera var. Halleana (Hall's Evergreen Honeysuckle). All Summer. Deep green foliage, which is almost evergreen throughout the Winter. The fragrant yellow and white flowers bloom from midsummer until Frost.		
2 yrs.50	4.50

NEW ENGLAND NURSERIES CO.

	Each	Per 10
Tecoma radicans (Bignonia) (Trumpet Vine). Scarlet trumpet flower. Handsome, dark green foliage and showy clusters of orange and scarlet flowers during the Summer. 3 yrs.50	4.50
Wistaria Chinensis (Chinese Wistaria). A hardy, fast and tall growing climber, with pale green compound foliage, and long clusters of purplish, pea-shaped flowers, borne profusely in May. Strong plants, 2 years old...	1.00	9.00
" " var. <i>alba</i> . (White Wistaria). 2 years old plants.....	1.00	9.00

Fruit Trees and Small Fruits Apples

Standard Apples, 2 years. 5 to 7 feet high.

Price: Except where otherwise noted, each, \$1.00; per 10, \$9.00; per 100, \$65.00.

Gravenstein. Vigorous growth; very large; striped; juicy, tender, crisp, rich, subacid; very good. Ripening September and October.

Baldwin. Vigorous growth; large; bright red; crisp, juicy, subacid; good; the most popular and profitable market sort in the East. Ripening in December to March.

Dellious. Dark red. Fruit large. An excellent variety and good keeper, and therefor one of the most desirable for general culture.

McIntosh Red. Vigorous growth; handsome; very good; hardy. Ripening November to February.

Wealthy. Free growth medium dark red; juicy subacid; good; very hardy. Ripening December to February.

DWARF APPLES on Paradise Stock

One and two years old. Each, \$1.00.

Baldwin	Northern Spy
McIntosh	Red Astrachan
Fameuse or Snow	Gravenstein

CRAB APPLES

Hyslop (Red). Each, \$1.00. Per 10, \$9.00.

Transcendent (Yellow). Each, \$1.00. Per 10, \$9.00.

PEARS

2 years old. Each, \$1.50. Per 10, \$13.50.

except where noted.

Bartlett. Vigorous growth; large; yellow and red; juicy, buttery, with a rich musky flavor; very good. Ripening September.

Clapp's Favorite. Vigorous growth; very large and handsome; yellow and crimson; melting, buttery, vinous; very good. Ripening August.

Anjou. Vigorous growth; very large; greenish yellow; melting, buttery, juicy, sprightly, vinous; keeps into mid-winter. November and December.

Seckel. Moderate growth; medium; brown; juicy, melting and buttery; of the highest flavor. Ripening September to October.

Sheldon. Vigorous growth; large; russett and red; melting. rich, delicious; very good. October.

Lawrence. Moderate growth; medium to large; golden yellow, melting, pleasant, aromatic; very good; a valuable Winter Pear. Ripening November to December

DWARF PEARS

The following varieties we can supply on Dwarf or Quince stock:

Price: Each, \$1.50.

Bartlett. 2 to 3 feet high.

Clapp's Favorite. 2 to 3 feet high.

Lawrence. 2 to 3 feet high.

Seckel. 2 to 3 feet high.

Sweet Cherries

Price \$1.50 each.

Black Tartarian. Vigorous growth; very large; purplish black; one of the best. Ripening end of June.

Governor Wood. Vigorous growth; medium; clear, light red; tender, delicious. Ripening end of June.

Yellow Spanish. Vigorous growth; large; pale yellow with red cheek; firm, juicy and delicious; very good. Ripening end of June.

MORELLO OR SOUR CHERRIES

Early Richmond. Medium size; dark red; juicy, rich acid flavor. The stone adheres to the stem. One of the most valuable of Sour Cherries.

Montmorency (Large Montmorency). A Cherry of the Richmond class, but larger and more solid. A more upright growth, equally hardy, and

GRECIAN

SUN CLOCK or SUN DIAL

CENTURIES before the beginning of the Christian era, the only method by which the ancients might know the time of day was by the position of the Sun.

Thus, the Grecian Sun-Clock, (*Armillary Sphere*,) the origin of our garden sun dials, was developed for this purpose, the first instrument for showing the hour. The Egyptians and early Greeks utilized it and about 250 B. C. it was adopted by the Romans. Since then sun dials, hourglasses and finally clocks operated by mechanism have succeeded this earliest Sun-Clock.

The Grecian Sun-Clock is an ornament which will create the effect of age in a modern garden. It may be used on the open lawn, placed in the rock-garden, in a nook among trees, in an old fashioned or formal garden, in fact, it adapts itself to any open spot where a permanent object of ornament is required.

The illustration shows a Grecian Sun-Clock, an exact reproduction of one several hundred years old and now standing in one of the oldest gardens of Europe. It is practically indestructible, made of steel and bronze, treated to make it weather-proof. Its diameter is 18 inches, its length $27\frac{1}{2}$ inches.

When mounted on a natural, Ivy-covered boulder or rough stone pillar, it is particularly beautiful, but pedestals, such as are used for gazing globes, garden vases, etc. are almost equally appropriate.

In mounting the Sun-Clock, a little cement should be used to hold it in position. The pedestal illustrated, is made of earthenware, coated with gray cement, is about 25 inches high and $12\frac{1}{2}$ inches wide at the base.

During the Summer of 1926 when a member of our firm toured Europe to visit and study many of the finest gardens, he became so interested in this oldest of garden ornaments, that arrangements were made, whereby we can supply these beautiful Grecian SUN-CLOCKS to

American garden lovers at prices as follows:

Sun-Clock as per illustration and description

(not packed) \$40.00 F. O. B. here.

(Weight, when crated, about 35 lbs.)

If packed for delivery to Express or Freight Companies,
add \$2.50.

Pedestal as per illustration and description,

(not packed) \$6.00 F. O. B. here.

(Weight when crated, about 50 lbs.)

If packed for delivery to Express or Freight Companies,
add \$1.50. Orders for Sun-Clocks, with or without
pedestals are respectfully solicited and will be promptly
executed.

NEW ENGLAND NURSERIES CO.

BEDFORD,

MASSACHUSETTS

NEW ENGLAND NURSERIES CO.

a heavy cropper. Ripens from seven to ten days later than the Richmond, entirely escaping danger from Spring frost.

PLUMS

2 years old. Each, \$1.50. Per 10. \$13.50.

Bradshaw. A very large, oval, dark violet red; juicy, sweet and good; a valuable market variety.

Abundance (Bhotan). Beautiful lemon-yellow with bright cherry. Has been thoroughly tested, and is highly recommended. August.

Burbank. Large and beautiful, a clear cherry red, with a thin lilac bloom; flesh a deep yellow, very sweet, with a peculiar and very agreeable flavor. Ripens later than Abundance. End of August.

October Purple. Large, round fruit; dark, reddish purple yellow; flesh of most superb quality. Ripens middle of September.

Wickson. Originated by Burbank. A sturdy, upright grower; fruit remarkably handsome, deep maroon red, covered with white bloom; excellent keeper and shipper.

Peaches

Each .50 Per 10 \$4.00

Belle of Georgia. Very large, skin white with red cheek; flesh white, firm, and of excellent flavor; fruit uniformly large and showy; free. Very hardy and one of the latest to ripen.

Carman. A new, hardy, rot-proof Peach. Large, round; pale yellow skin and red blush, on sunny side; white flesh, sweet flavor. Ripens in August.

Crawford's Early. Very large; yellow; juicy, melting; freestone. Ripening early September.

Crawford's Late. Very large; yellow; juicy; good; freestone. Ripening end of September.

Elberta. An exceedingly large, light-colored yellow Peach, a cross between Crawford's and Chinese Cling; juicy, well flavored; said to be probably the finest yellow freestone in existence; planted in enormous quantities in the Peach growing regions of the South. Ripens early in August.

Fitzgerald. A chance seedling, found in Ontario, outside of the Peach belt, where it has produced regular crops. The fruit is of very large size, pit very small. This promising new peach is of the Crawford type, but excels that famous variety in size, hardiness and productiveness. Season same as Early Crawford.

QUINCES

First class. 2 years old. Each, \$1.25.

Champion. The fruit is very large, young trees, two years from the bud are often loaded with fruit. Its season is about two weeks later than the Orange.

Orange. Large, roundish, bright golden yellow; cooks quite tender, and is of very excellent flavor. October.

Hardy Grapes

Each, 50 cents. Per 10. \$4.50. Per 100. \$35.00.

Black

Concord. Bunch and berry large, round, black, thickly covered with a beautiful bloom; flesh moderately juicy, sweet pulp, quite tender when fully ripe.

Moore's Early. Bunch and berry large, with a blue bloom; quality better than Concord: its size and earliness render it desirable.

Worden. Bunches large, handsome; berries sweet. Ten days earlier than Concord and superior to it in flavor; ripens well and in cold localities.

Red and Reddish Purple

Brighton. Large, handsome and of the best quality. Ripens early.

Catawba. Well-known; highly flavored, but late.

Delaware. Medium or small, but delicious; highly esteemed everywhere.

WHITE

Niagara. Bunch medium to large; berry large; skin thin but tough; slightly pulpy, tender, sweet, vine vigorous, healthy, and very productive; ripens with Concord. All things considered, probably the most valuable white Grape in cultivation.

Small Fruits

BLACKBERRIES

Strong plants: Per 10, \$1.50. 100, \$8.00

Erle. Fruit very large, excellent quality. There is no berry that rivals it in combining hardiness, large size, earliness and productiveness.

Snyder. A marvel for productiveness; fruit medium size. Extremely hardy. A good shipper.

RASPBERRIES

Price, except where noted: Per 10, \$1.50. 100, \$8.00.

Cuthbert (Queen of the Market). Large dark crimson berries of firm texture, sprightly acid and of excellent quality; a certain cropper, always to be recommended.

ASPARAGUS

Giant Rust-Proof. (Best of all.)

2 years. Per 100, \$2.50; per 1000, \$15.00.

RHUBARB

Champagne. A choice new English variety.

Two years old. Each, 50 cents. Per 10, \$4.50.

Linnaeus (Myatt's). Large early and of good quality.

Two years old. Each, 25 cents. Per 10, \$2.25.

Note: We have no Agents, and anyone representing himself as such should be prosecuted as an imposter.
